

Project Details

Name: Interchange,
Estate Works

Location: Narangba

Value: \$12,100,000

Design & Construct Contract

Construction is currently underway for the Interchange site which involves major civil works for this 23 hectare site abutting the Bruce Highway at Narangba.

The master planned 13 lot subdivision is set to have its challenges, though due to expertise of the Project Team, the Client is assured their investment will be delivered ensuring the best possible cost effective solutions are achieved.

FEATURES:

- Fully serviced estate including tunnel boring to bring in external sewer
- Boulder retaining walls
- B Double Access

BENEFITS:

- Fast tracked design to ensure practical completion is completed on time and for early commencement of construction on Sold Lots including a Bunnings Trade Centre.
